License Key
xxxx-xxxx-xxxx-xxxx-xxxx-xx

Setting up your Evo Fighter

The Evo Fighter requires an internet connection to be able to provide macros and enhancements for your PS4 games and joystick.

Setup with WPS
1. Connect your Evo Fighter to your PS4 using the cable provided.
2. Press WPS button on your router.
3. Press and hold down the Wi-Fi button on your Evo Fighter for 3 seconds until the blue light goes out.
4. Wait (up to) 30 seconds for the blue light to come back on and stay lit.
5. Open up the EvoCCI app at http://app.evoworx.co.uk
6. The Evo Fighter Device Key will automatically appear in the required section.
7. You will need an EvoWorx account* to customise and add macros to your Evo Fighter.

Setup with Wi-Fi

1. Connect your Evo Fighter to your PS4 using the cable provided.
2. Connect to its Wi-Fi network designated EvoCCI'XX' where 'XX' is replaced by your unique Evo Fighter Device Key.
3. Connect to this network using your device.
4. Once connected, please open a web browser and navigate to either evoworx.local
5. Enter select your Wi-Fi network and enter its password.
6. Open up the EvoCCI app at http://app.evoworx.co.uk
7. The Evo Fighter Device Key will automatically appear in the required section.
8. You will need an EvoWorx account* to customise and add macros to your Evo Fighter.

To reset your Evo Fighter

To reset your Evo Fighter, simply hold down the Wi-Fi button for 10 seconds until the light goes out. You can then set up your Evo Fighter following the setup instructions on the first/second page of this manual/guide.

*Register for an EvoWorx account

1. Open up the EvoCCI app at http://app.evoworx.co.uk
2. Click the 'Create a EvoWorx account' button to be redirected to the EvoWorx website.
3. You will need to create a Username, Password and enter a VALID Email Address, as you will be sent a confirmation email to complete the registration of your account which will allow you to customise and add macros to your Evo Fighter.

Logging in to the EvoCCI Web App

1. Open up the EvoCCI web app at http://app.evoworx.co.uk
2. Enter your EvoWorx Username, Password and License Key*, which came with your Evo Fighter.
3. The Evo Fighter Device Key will have automatically appeared in the allocated field on the app login screen.
4. Click 'Connect to EvoCCI' to login.

*Please keep hold of your License Key. You will need this to use your Evo Fighter. If you lose your License Key, EvoWorx will require proof of purchase (receipt) for your Evo Fighter in order for EvoWorx to provide you with a replacement. If you cannot provide a proof of purchase, you will have a buy a replacement License Key from the EvoWorx eStore.

Adding the PowerSaves Plus Web App to your device Home Screen

Safari

1. Open up Safari on your iOS device.
2. Go to the web page: http://app.evoworx.co.uk
3. Tap the Share button on the menu bar.
4. Tap on Add to Home Screen.
5. On the next page you'll give the shortcut a name and confirm
   the web address.

Android

1. Open Firefox for Android.
2. Go to the web page: http://app.evoworx.co.uk
3. Press the Menu button (either below the screen on some devices or at
   the top-right corner of the browser), then tap on Page.
4. Tap Add to Home Screen.
5. Your shortcut should now appear on your home screen.

Windows

1. Open Internet Explorer for Windows.
2. Go to the web page: http://app.evoworx.co.uk
3. Right-click or swipe up from the bottom of your screen to reveal the app bar.
4. Tap the Star Icon.
5. Tap the pin icon, enter a name for the shortcut, and click Pin to Start.

Using the EvoCCI Web App (for Evo Fighter)

After you have successfully logged into the EvoCCI Web App you will be taken to the home screen where there will be a variety of options for your Evo Fighter.

Button Remap

1. Click on the button you would like to allocate to your device from the button choices.
2. Click where you want that button to be on your Evo Fighter
3. Once you are happy with your button remapping, click 'Send to device'.
4. To undo any changes, click 'Undo changes'.

Rapid Fire

1. Click on the button you would like to change the speed of gunfire.
2. Adjust the slider to increase/decrease shooting speed.
3. Once you are happy with your selected speed, click 'Send to device'.
4. To undo any changes, click 'Undo changes'.
